

Dr. APJ Abdul Kalam  
Former President of India

02 September 2014

### Message

I am happy to know that the Foundation for Peace, Harmony & Governance has completed 10<sup>th</sup> year of its existence. I greet FGG and its members on this great occasion. For promoting universal peace and prosperity, we need to identify what are the fundamental parameters which connect nations into one unified platform, what tools which enable such connectivity and what specific agendas are needed to bring the world together. Such fundamental parameters include environment, trade and economics, security, health and education with value system of the humanity. These four parameters connect the world with a compounding positive effect, meaning that well being of one nation on these parameters imply the well being of every other nation as well.

My greetings and best wishes to all the members of FGG.

APJ Abdul Kalam
